

SURFACE GRINDING MACHINE GER SE 200/75 CNC FAGOR

TECHNICAL DETAILS & ACCESORIES :

TECNOMAGNETE electromagnetic chuck dimensions	2000x750 mm
Max. weight on the work table	1500 Kg
Max. distance between wheel centre and working Surface	700 mm
Máx. grinding height (with new wheel).....	450 mm
Longitudinal/cross/vertical travels	2.150/750/500 mm
Grinding surface (with 50 mm wide wheel).....	2000X800 mm
FAGOR servos in vertical, longitudinal & cross axis	
Wheel motor power.....	15 Kw
Wheel dimensions.....	Ø400X75XØ127 mm
Wheel motor inverter	
Fully enclose guard (waiting to be painted)	
Automatic dressing device on the table	
Dressing compensation	
Automatic vertical feed	
Automatic wheel balance MARPOSS	
Canned cycles	
Decanting filter device	
Machine floor space	7.770X3.130 mm
Machine net weight.....	12 TN

MACHINE IN PERFECT CONDITIONS
